Cocktail Reception

Fri. 9:00 AM – 12:00 PM

(Fri. Registration & Breakfast 8:15 AM)

Seminar: “Aligning Outcomes To Gain Referrals and Build Census” and “The Impact of The Medical Director in Preserving Your Future”.

The content of the first presentation is designed specifically to help post-acute care providers prepare for successful participation, and marketing themselves effectively, in a value-based purchasing healthcare environment. The data mining and analytics strategies shared by the panelists will give participants a solid foundation for framing marketing and business success in a new way, helping payers manage costs while developing fresh approaches to building census and achieving competitive advantage.

Your Medical Director has a key leadership role to play in your organization. Learn how to leverage metrics to help retain current referrals and gain new ones to help ensure a consistent census. Explore root cause analysis as a tool for performance improvement in your community and to be included in preferred provider networks.

Speaker: Dr. Rajeev Kumar, MD, CMD, Chief Medical Officer of Symbria. In his role, he oversees the development and implementation of a clinically integrated post-acute care delivery model. The model includes best practices for care transitions and care deliver in both the skilled nursing and home health settings. It also incorporates extensive and efficient coordination among physicians, nurses, therapists, pharmacists, and all other members of the patient care team.
