BoRin Kim, Ph.D. MSW, has research interests in intergenerational relations and support, transitions in physical/cognitive functioning in old-age, social support and mental health in old age, health care utilization, long-term care services, and comparative research. Her recent research includes dynamic linkages between various types of social support (i.e., intergenerational living arrangements, social network types, and ethnic solidarity) and physical/mental health among older adults across diverse social and cultural contexts.

Education
